The purpose of the recommended actions is to obtain approval of the project from your Board; to adopt the plans and specifications; advertise for bids; and authorize the Director of Public Works (Director) or her designee to award, execute, and implement a contract with the apparent responsible contractor with the lowest responsive bid for the trimming of parkway trees and removal of those trees causing damage to existing roadway facilities.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3). The recommended actions will help meet these goals by providing healthier parkway trees which will benefit the communities.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated parkway tree trimming cost to complete this project is in the range of \$320,000 to \$440,000. Funding for this project is included in the First and Fourth Supervisorial Districts' Recommended Fiscal Year 2011-12 Road Fund Budgets.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This project, to contract for the trimming of parkway trees, is part of the Department of Public Works' (Public Works) ongoing program for the maintenance of parkway trees. It will be advertised in accordance with Section 20392 of the State Public Contract Code.

This project is to be completed in 85 working days. It is estimated the work will start in September 2011 and be completed in January 2012.

Delegating to the Director or her designee the authority to award, execute, and implement this contract allows an expedited contracting process to complete the tree trimming prior to the start of the bird nesting season.

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel.

The award of the contract will not result in unauthorized disclosure of confidential information and will be in full compliance with Federal, State, and County regulations. The project specifications contain provisions requiring the contractor to comply with terms and conditions supporting your Board's

ordinances, policies, and programs including, but not limited to: the County of Los Angeles' (County) Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the Los Angeles County's Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt pursuant to Class 1, Subsection (x)(22) of the revised County Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987. This exemption provides for maintenance of existing roadway facilities.

CONTRACTING PROCESS

This project will be contracted on an open-competitive bid basis. A recommendation for award by the Director or her designee will be made after review of the bids meeting the criteria established by your Board and State Public Contract Code.

To increase contractor awareness of Public Works' program to contract work out to the private sector, this project will be listed on the County website for upcoming bids.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

When the project is completed, it will have a positive impact by improving the quality of life for the

communities' residents by providing healthier parkway trees.
